Question 6 from Addendum 1: After reviewing the bid packet, I don't see where there are any contractor requirements indicated and what those are. However, on the id pricing sheet it states "contractor's license must be included with bid response", Can you clarify if there is a specific license requirement?

Answer: No contractor's license required with bid.

Bidders must take due notice and be governed accordingly. This addendum must be acknowledged as indicated in the Invitation to Bid or your Bid may not be considered.

All other terms and conditions much remain the same.
